

renewable energy power solutions

RESIDENTIAL **Solar & Battery**

Solar PV and battery backup solutions for every home in South Africa with flexible financing options available.

Residential Packages

Keep your lights and essential appliances on during load shedding or other power outages. Our affordable payment options make it easy for you to invest in a reliable, cost-effective solar PV and battery backup system for your home.

3.6kW Hybrid Inverter 3.84kWh Lithium Battery

R1 470 pm
or R62 190 once-off

3.6kW SunSynk Hybrid Inverter
3.84kWh Integrated Lithium Battery
AC Distribution Board
Cables & Trunking
Surge Protection
Monitor from your phone
Installation & Electrical COC
10 Year Warranty

⚡ Power: Essential Lights & Essential Plugs

5kW Hybrid Inverter 5.32kWh Lithium Battery

R1 760 pm
or R74 410 once-off

5kW SunSynk Hybrid Inverter
5.32kWh SunSynk Lithium Battery
AC Distribution Board
Cables & Trunking
Surge Protection
Monitor from your phone
Installation & Electrical COC
10 Year Warranty

⚡ Power: All Lights & Essential Plugs

8kW Hybrid Inverter 10.65kWh Lithium Battery

R2 720 pm
or R114 780 once-off

8kW SunSynk Hybrid Inverter
10.65kWh SunSynk Lithium Battery
AC Distribution Board
Cables & Trunking
Surge Protection
Monitor from your phone
Installation & Electrical COC
10 Year Warranty

⚡ Power: All Lights & All Plugs

16kW Hybrid Inverter 21.3kWh Lithium Battery

R4 700 pm
or R198 920 once-off

16kW SunSynk Hybrid Inverter
21.3kWh SunSynk Lithium Battery
AC Distribution Board
Cables & Trunking
Surge Protection
Monitor from your phone
Installation & Electrical COC
10 Year Warranty

⚡ Power: Whole Home (Lights, Plugs, Aircons, Pool & Heatpump)

Upgrade Battery Storage

R660pm or R27 565 once-off

Per each extra **5.32kWh Battery** storage

Since 2008

Expert experience in the solar PV & power backup industry

CoC

Receive a Certificate of Compliance by Qualified Professionals

Financing

Pay monthly in affordable installments

Support

Ongoing support after installation for optimal performance

+ Add Solar PV to your System

- ✓ Solar PV Modules
- ✓ Roof mounting structure
- ✓ Surge Protection
- ✓ Cabling
- ✓ Installation

**Reliable, sustainable
& cost-effective**

2020W Solar PV Installed	Generate 285kWh / month*	Add R500 pm or R20 880 once-off
4040W Solar PV Installed	Generate 571kWh / month*	Add R850 pm or R35 810 once-off

Terms & Conditions:

- All pricing includes VAT @ 15%.
- Once-off cash option payment terms: 50% on order. 50% before delivery/installation.
- Pricing valid for installations in and around all South African metros and large towns.
- Inverter & Batteries within 3m of existing AC DB.
- Rooftop solar PV on the same building, within 20m of the inverter with no specialised access/rigging.
- Additional electrical changes/work (if any) not included.
- Supplementary electrical COC for EnergyOn installation and not for the existing electrical installations. We require a copy of the existing electrical COC before installation.
- Estimated average monthly PV yield based on north facing roof, 20 degrees tilt and may differ per installation.
- Upgrade Options and/or Solar PV can not be bought separately and has to be added to the base package and cost.
- Advertised monthly pricing is based on typical monthly installments over a 60-month linked rent-to-own term and is subject to individual credit approval, thus it may vary.
